

## Introduction to SummerSalon14

During this two hour forum you will hear and read about a range of theological topics. There are seven purposes of this Forum, posted in the document “Revised Purpose of SS14.pdf”. The teachings are offered in posted links, suggested Scriptures, and phone interviews. The Forum moves very quickly in order to cover all categories of systematic theology. The forum serves as a polemic and teaching platform from the perspectives of seven presenters. Contact information on the presenters is posted in the Conclusion. **SummerSalon14** can be viewed on demand at <http://www.pprsinc.com>. An Index of the Forum’s topics with start times should be posted on the website by mid September, 2014. The Unique American Idolatry segment is presented by M.J. Greene, founder of **Paraclete Press Research Service, Inc.** Views expressed by all presenters are their own; no effort has been made to assimilate divergent beliefs held by individual presenters. Some of the Forum’s topics evoke strong controversy. We are reminded that iron sharpens iron. But when our tools become dull we may be tempted to sharpen them *on* others. Let us keep peace among ourselves by remembering we have not been given permission to act as someone else’s conscience or rise above the authority of the Holy Spirit and the Bible. We encourage viewers to listen to the audio content and return to download over a hundred documents after the Forum has concluded.
