

# The History of Research Conducted by Paraclete Press Research Service, Inc.

**Canon Q:** Literal interpretation; context of covenants and dispensations; closed canon; all 66, not 27 books; study according to 2 Tim 2:15; error of KJVOnly theory.

**Cosmos Q:** Gen 1-11 creation contrasted to evolution, *ex nihilo* abrupt beginning; young earth; global flood; 24 hour day creation; no Gen 1:1-2 gap; no theistic evolution; recognition ID is not *biblically* theist based.

**Charismatic Q:** The person and work of the Holy Spirit not conveyed by flesh; Spirit not evidenced in tongues; prophetic gifts cease until Jacob's trouble restoration.

**Church Q:** The body of Christ is not Israel; Israel is not replaced; church is spiritual/heavenly body, dominion not in this dispensation; confess, not just profess faith; Gal 2:20 identity; not purpose but gospel is faith basis.

**Culmination Q:** The church does not suffer wrath but departs according to Paul; fulfilled prophecy has Israel at heart and in sequence of last things; Premill upholds integrity of OT, bride, tribulation, and millennial saints.

**Calvin Q:** Who is saved? How? How is God's character reflected in salvation doctrine? Age of accountability.

**Corrie's Library** developed according to categories of Systematic Theology, Non-biblical & American Idolatry.

**Christ Q:** Hypostatic union of Christ of Faith and the Historical Jesus fulfills: "Who do *you* say that I AM?"

**Context Q:** Expose evil's outworking of corrupted, catastrophic contempt for the Cross of Christ; God's Word corrects according to the power of the Spirit of Truth, by Jude 3 exposing error's ever morphing face.
